

“ The survival kit for  
business owners ”

Are your clients paying for expensive legal services when they don't need to? BusinessCare provides small and medium-sized enterprises (SMEs) with access to high quality and effective business information and support, at a fraction of the cost a solicitor would charge.

### Information at the click of a mouse

These days, there are plenty of legal and regulatory challenges facing SMEs. BusinessCare can help!

The comprehensive online legal library means everything an SME needs to know can be found in one place. It is split into categories for ease of access and supported by a search engine which enables them to search the site if they can't find what they are looking for.

Categories are as follows:

- Employment
- Health & Safety
- Intellectual Property
- Debts and Debt recovery
- Property
- E-Commerce
- Business Start-Up
- Employee Health Management
- Tax and VAT

Sample forms, checklists and guidance notes are provided, helping your client to fully understand what is required to fulfil their legal obligations.

BusinessCare also provides your client with monthly news updates, informing them about important legislative changes affecting their business.

### **Intuitive document creation**

When a legally binding document is needed, BusinessCare provides access to an online suite of commonly used legal documentation which can be tailored to suit the needs of your client.

A simple document creation facility allows your client to answer intuitive questions which are then fed into a tailor-made, individually branded document. Once created, documents can be stored in the 'My Documents' section, allowing users to keep a library of legal documents online available for download or update whenever needed.

### **Assurance that documents are legally binding**

A real time document checking facility is provided by qualified legal professionals to ensure compliance.

Once documents are complete, the business owner has access to lawyers and other appropriately qualified consultants who will 'vet' the document to ensure it is legally sound.

### **Advice when it's needed most**

Should your client not be able to find what they are looking for, BusinessCare is supported by a telephone advice line. Legal experts are available 24 hours a day, 7 days a week, 365 days of the year offering practical help and guidance for business.

BusinessCare customers have the option to speak to the same legal consultant at regular intervals ensuring consistency of advice. Telephone advice may then be followed up in writing where considered appropriate by the consultant.

BusinessCare can save your clients money and ensure they have access to the most up to date legal support for their business.

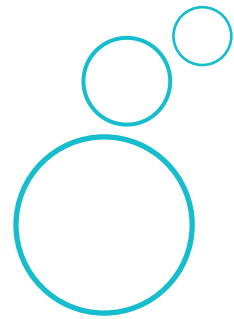

**Call us today to find out more about how BusinessCare can provide your SME clients with a range of solution led legal services.**
