Schemes – delegated authority Pursuit business

A delegated authority Pursuit Scheme with FirstAssist Legal Protection is available to clients who handle a regular volume of similar ATE cases. If your business meets these criteria, the delegated authority Schemes arrangement allows you to operate self-administered Pursuit policies. This provides your business with the benefit of streamlined administration, shorter turn around times and greater efficiency.

The areas of litigation in which we currently offer schemes include: clinical negligence, professional negligence, commercial and insolvency. Schemes are particularly flexible, for example we can offer the option of both pre and post investigation and fixed stage premiums.

We can tailor Schemes to suit your specific needs and help build your business in partnership with ourselves.
